

Affordable Learning & Student Success Librarian at Winthrop University

The Ida Jane Dacus Library at Winthrop University seeks a collaborative, innovative, and forward-thinking individual to become our new Affordable Learning & Student Success Librarian. The ideal candidate is looking to further their skills in outreach, affordable learning initiatives, assessment, and library instruction; share the Libraries' commitment to student success; and work successfully in a collaborative environment.

Reporting to the Research and User Services Coordinator, the Affordable Learning & Student Success Librarian will lead and promote Open Access and Open Educational Resources initiatives to the Winthrop University community; identify, implement, and promote creative events and programs that encourage student communities in the library's spaces; and build connections between library faculty and students within the student lifecycle.

We are actively accepting applications for this position and will continue to do so until the position is successfully filled. Please refer to the full announcement for details and to apply:

Hiring Salary Range: \$46,000 - 48,619

Qualifications

Required:

- ALA-accredited MLS/MLIS degree (must be completed by the time of hire).
- Excellent analytical, oral, written, and interpersonal communication skills.
- Commitment to cultivating a diverse educational environment and workplace and an ability to work with a diverse faculty, staff, and student population.

Preferred:

- Experience providing library instruction and engagement services for undergraduate student populations.
- Experience or education in creating and applying online instructional materials, promoting and applying Affordable Learning and Open Educational Resource (OER) initiatives, and implementing assessment tools and techniques.
- Working knowledge of open access trends in education and/or resource affordability.
